## ABOUT ME

I have always been deeply fascinated by technology and development.

Currently, I am pursuing a Bachelor's degree in Computer Science at The Open University, where I am expanding my expertise and sharpening my technical skills. I thrive on solving complex problems and developing end-to-end solutions, with a strong commitment to continuous improvement and staying at the forefront of emerging technologies.

I am seeking a challenging role that offers opportunities for professional growth, collaboration, and impact. My goal is to join a dynamic team where I can combine my passion for technology and innovation to contribute to meaningful and transformative projects.
